02 November 2023

Dear Sir/Madam,

**The Feed (Hygiene and Enforcement)(Scotland) Regulations 2005**

**Feed Inspection Visit November 2, 2023  
at MGS Logistics Ltd**

Following my visit to your business with Registration Number GB76100840 on November 2, 2023, this letter informs you of the inspection outcome and summarises any corrective actions.

MGS Logistics Ltd is registered as a feed business with the primary activity of R8 - Transport of feed and feed products.

The overall compliance of the business was rated as:

Broad Compliance or Better: Feed safety management/procedures in place. Hazards understood, properly controlled, managed and reviewed. Feed safety management records are appropriate and are generally maintained. Staff suitably supervised, instructed and/or trained with good staff knowledge and new staff receiving induction training. Good track record.

The outcome(s) of the inspection was:  
No action taken

Overall comments from the inspection were:  
Records kept well.

The frequency of future feed inspections based on the compliance level at this visit is 5 years.

Yours faithfully,

Rebekah Girling
