

7.2 Occupational Health and Safety Policy

HSEQ Policy Statement

MGS Logistics Ltd confirm that the disciplines of Quality, Health and Safety and Environmental Management are an integral part of its management function.

This policy calls for continual improvement of the Health & Safety, Environmental and Quality Management performance and activities and is committed to:

- The Health Safety and Welfare, as far as is practicable of our staff and others who work under our control.
- Complying with all applicable acts, laws and regulations.
- The identification and minimisation of risks of injury and hazards to health for all who are affected by the company's activities.
- Provide and maintain plant, equipment and systems of work that are safe, without risks to health, minimise environmental impact and sustain continuity of operation.
- Taking due care to ensure that activities are safe for employees, associates and subcontractors and others who come into contact with our work and that appropriate safety training and supervision is provided to all employees, so they may carry out their work safely.
- Train our staff in understanding their responsibilities in Quality, Health, and Safety and Environmental matters.
- Ensuring the safe and secure handling, storage and transport of equipment, product and substances is safe and without risk.
- Ensuring safe access and egress are maintained to all sites within our responsibility and that high standards of housekeeping are maintained.
- Ensuring the workplace environment is safe and healthy with adequate welfare facilities provided for our employees.
- Preventing Pollution.
- Work closely with our customers and suppliers to establish the highest Quality, Health, Safety and Environmental standards.
- Consult with staff on the company's Health and Safety and provide them with the appropriate authority and responsibility to implement the Health and Safety requirements throughout its operations.

The Policy also calls for each employee to recognise their own responsibilities to care for the Health & Safety of themselves and of others.

The Company is committed to operating its Health, Safety, Environmental and Quality management in a manner that attains and sustains registration to ISO 9001:2015, BS OHSAS 45001:2018, ISO14001:2015 and related legislation and acts.
